Important Information

Usage

Living tiles are all suitable for internal wet and dry walls.

Nominal dimensions

We quote nominal dimensions throughout this brochure which are subject to slight variation within internationally accepted standards.

Shade / pattern variation

Shade variation is an inherent feature of Living ceramic tiles.

We recommend that tiles are loosely laid out and 'blended' prior to fixing to achieve the most pleasing distribution of shades. Differences between batches can be more marked, for this reason we recommend that you buy all the tiles at one time. No liability for shading issues can be accepted after installation.

Adhesives, grouts and sealing

Always use high quality adhesives and grouts and follow the manufacturer's instructions. Make sure they're suitable for the specific tile type, application, and underlying surface. To prevent grout from discolouring, seal it after installation. This will reduce the need for aggressive cleaning in the future, which could damage the surface decoration of Living tiles.

Cleaning / Steam Cleaning

Do not use aggressive or abrasive cleaning products on Living tiles, as the surface decoration may be damaged. If grout requires intensive cleaning, care should be taken to protect the surface of the tiles. **We do not recommend steam cleaners or steam mops to clean our tiles.** Steam cleaning may remove or render ineffective any sealer that has been applied, leaving the tiles unprotected.

Please refer to our Fixing Guide at www.originalstyle.com before commencing any installations as Original Style cannot accept responsibility for any faults after tiles have been fixed. Original Style will not be held liable for any claims regarding the inappropriate use of sealing, adhesives or grouting materials. For technical queries, please contact our technical department at info@originalstyle.com

Large Formats

We do not recommend the use of large format ceramic or porcelain tiles in a 50:50 brick bond pattern installation. The reason for this is that slight curvature in the tile may become noticeable and may not be deemed to be visually acceptable.

Photography

Owing to variations in studio lighting and printing inks, the tile colours shown in the Original Style brochure and website may differ slightly from those of the actual tiles.

Before making your choice it is always advisable to ask your Original Style dealership to show you samples.

Limits of Liability

Original Style Ltd. accepts no liability for the faulty installation of its tiles. In the case of any claim relating to the tiles themselves, Original Style's liability, to the extent permitted by law, is limited to either the replacement of the product or a refund of the cost of the product, and does not extend to cover any consequential loss. Claims must be reported within seven working days from receipt of the tiles. Tiles must be inspected prior to installation and claims cannot be considered after the tiles have been installed. Please be advised that installation constitutes acceptance of the quality, colour, texture, shade and size of tiles.

Original Style Ltd. warrants that its tiles conform to their description and are fit for their purpose. Original Style Ltd. makes no other express or implied warranty as to fitness or suitability of the products for particular installations. We extend no guarantees, express or implied, as to wear resistance or maintenance procedures.

Please note, the use of certain acid based cleaning products may cause some of the tiles to react and change in character. In addition, abrasive cleaners must be avoided as they will scratch the surface of the tiles.

Please note: In the USA please follow the recommendations of reputable product manufacturers in conjunction with the Fixing Guide at www.originalstyle.com

Informations essentielles

Usage

Les carreaux Living conviennent aux murs secs et humides internes.

Dimensions nominales

Dans cette brochure, les dimensions indiquées sont nominales et sujettes à de légères variations dans les limites des normes internationales admises.

Variations de teinte et de texture

Les nuances de teinte sont une caractéristique inhérente aux carreaux en céramique Living.

Avant de fixer les carreaux, nous vous conseillons de les disposer librement pour les assortir et obtenir la meilleure distribution possible de teintes. Les différences peuvent être marquées d'un lot à l'autre. Pour cette raison, nous vous recommandons vivement d'acheter tous les carreaux en une seule fois. Une fois la pose réalisée, tout problème lié aux nuances de teinte ne saurait engager notre responsabilité.

Adhésifs, joints et scellement

Utilisez toujours des adhésifs et des joints de haute qualité, conformément aux recommandations des fabricants quant à leur utilisation et à leur adéquation pour le type de carrelage, l'application et le support sur lequel le carrelage est posé. Pour éviter que les joints ne se décolorent, scellez-les après l'installation. Cela réduira la nécessité d'un nettoyage agressif à l'avenir, ce qui pourrait endommager la décoration de surface des carreaux Living.

Nettoyage / Nettoyage à la vapeur

N'utilisez pas de produits de nettoyage agressifs ou abrasifs sur les carreaux Living, car la décoration de surface pourrait être endommagée. Si les joints nécessitent un nettoyage intensif, veillez à protéger la surface des carreaux. **Nous ne recommandons pas l'utilisation de nettoyeurs à vapeur ou de balais vapeur pour nettoyer nos carreaux.** Le nettoyage à la vapeur peut éliminer ou rendre inefficace tout scellant qui aurait été appliqué, laissant les carreaux non protégés.

Consultez notre Guide de fixation sur www.originalstyle.com avant de commencer. La responsabilité d'Original Style ne saurait être engagée en raison de défauts une fois les carreaux posés. Original Style déclinera toute responsabilité en cas de réclamation concernant un usage inadéquat d'un mastic d'étanchéité, d'une colle ou d'un mortier pour joint.

Pour tout renseignement de nature technique, contactez notre service technique sur info@originalstyle.com.

Grands formats

Nous déconseillons l'utilisation de carreaux grand format en céramique ou en porcelaine dans les installations aux motifs « mur de brique 50:50 ». En effet, ce type d'installation risque d'accentuer la légère courbure de ces carreaux, ce qui pourrait altérer défavorablement l'effet visuel recherché.

Photographie

En raison des variations au niveau de l'éclairage et des encres d'impression, les couleurs des carreaux présentés dans la brochure et sur le site d'Original Style peuvent différer légèrement de celle des carreaux réels.

Avant de passer commande, il est toujours préférable de demander au revendeur Original Style de vous montrer des échantillons.

Responsabilité

Original Style Ltd. décline toute responsabilité en cas d'installation incorrecte de ses carreaux. En cas de réclamation relative aux carreaux eux-mêmes, la responsabilité d'Original Style sera confinée, dans la limite autorisée par la loi, au remplacement du produit ou au remboursement du prix du produit, et ne couvrira pas les dommages indirects. Toute réclamation doit être effectuée dans les sept jours suivant la réception des carreaux. Les carreaux doivent être inspectés avant leur pose. Aucune réclamation ne sera prise en compte une fois les carreaux posés. Notez que l'installation des carreaux constitue l'acceptation de leur qualité, couleur, texture, teinte et taille.

Original Style Ltd. garantit que ses carreaux sont conformes à leur description et conviennent à l'usage indiqué. Original Style Ltd. ne formule aucune autre garantie expresse ou implicite vis-à-vis de l'adéquation ou de la compatibilité de ses produits dans des installations spécifiques. Nous ne formulons aucune garantie, expresse ou implicite, vis-à-vis de la résistance à l'usure ou des procédures d'entretien.

L'utilisation de certains détergents à base d'acide peut provoquer des réactions sur certains carreaux et en modifier les caractéristiques. Par ailleurs, les nettoyeurs abrasifs rayeraient la surface des carreaux et doivent être évités.

À noter : Aux États-Unis, il est conseillé de suivre les recommandations de fabricants réputés en conjonction avec le Guide de fixation disponible sur www.originalstyle.com

Wichtige Informationen

Eignung

Fliessen der Serie Living wurden für Nass- und Trockenwände entwickelt (nur Innenbereiche).

Nennmaße

Wir verwenden in diesem Katalog Nennmaße. Diese können im Rahmen der geltenden internationalen Normen geringfügigen Abweichungen unterliegen.

Brandfarben

Fliessen der Serie Living können in Ihrer Tonalität voneinander abweichen. Wir empfehlen die Fliessen vor dem Verlegen lose auszulegen und durch optimale Anordnung eine harmonische Farbgebung zu erzielen. Zwischen einzelnen Chargen, kann die Brandfarbe unterschiedlicher ausfallen. Wir empfehlen daher die benötigten Fliessen stets zusammen zu kaufen. Für Probleme durch unterschiedliche Brandfarben kann nach der Verlegung keine Haftung übernommen werden.

Klebstoffe, Fugen und Abdichtung

Verwenden Sie stets hochwertige Klebstoffe und Fugenmörtel und befolgen Sie die Anweisungen des Herstellers. Achten Sie darauf, dass sie für den spezifischen Fliesentyp, die Anwendung und den darunter liegenden Untergrund geeignet sind. Um ein Verfärben der Fugen zu verhindern, versiegeln Sie diese nach der Installation. Dies verringert den Bedarf an aggressiver Reinigung in der Zukunft, die die Oberflächendekoration der Living-Fliessen beschädigen könnte.

Reinigung / Dampfreinigung

Verwenden Sie keine aggressiven oder scheuernden Reinigungsmittel auf Living-Fliessen, da die Oberflächendekoration beschädigt werden kann. Wenn die Fugen eine intensive Reinigung erfordern, achten Sie darauf, die Oberfläche der Fliessen zu schützen. **Wir empfehlen nicht, Dampfreiniger oder Dampfmops zum Reinigen unserer Fliessen zu verwenden.** Die Dampfreinigung kann jeglichen aufgetragenen Versiegelungsmittel entfernen oder unwirksam machen und die Fliessen ungeschützt lassen.

Bitte lesen Sie vor dem Verlegen unsere Verlegeanleitung unter www.originalstyle.com.

Nach der Installation ist eine Haftung seitens Original Style ausgeschlossen. Original Style übernimmt keine Haftung für eine unsachgemäße Verwendung von Imprägniermitteln, Kleber und Fugenmaterial. Für technische Fragen wenden Sie sich bitte an unsere technische Abteilung unter info@originalstyle.com.

Großformate

Großformatiges Fliessen sollten nicht im Halbverband verlegt werden, da geringfügige Krümmungen in der Fliese dadurch optisch verstärkt und das Gesamtbild beeinträchtigt wird.

Fotografie

Die in diesem Katalog dargestellte Fliessenfarbe kann bedingt durch Studiobeleuchtung und Druckereifarben von der tatsächlichen Farbgebung abweichen. Bevor Sie Ihre Auswahl treffen, fragen Sie bitte Ihren Original Style Händler nach einem Muster.

Haftungsbeschränkung

Original Style übernimmt für die fehlerhafte Installation seiner Fliessen keine Haftung. Bei der Reklamation hinsichtlich der Fliessenbeschaffenheit beschränkt sich die gesetzlich eingeräumte Haftung von Original Style lediglich auf den Artikelaustausch oder eine Kostenrückerstattung. Mittelbare Schäden werden nicht abgedeckt. Reklamationen müssen innerhalb von 7 Werktagen nach Erhalt der Fliessen geltend gemacht werden. Die Fliessen sind vor der Installation zu prüfen. Eine Haftung nach der Verlegung ist ausgeschlossen. Bitte beachten Sie, dass Sie mit der Installation die Qualität, Farbe, Schattierung und Größe der Fliese akzeptieren.

Original Style gewährleistet die beschreibungs- und zweckgemäße Fabrikationsausführung der Fliessen. Original Style gibt keine weiteren ausdrücklichen oder impliziten Garantien hinsichtlich Eignung der Artikel für besondere Installationsarten. Wir geben weder ausdrücklich noch implizit eine Garantieverlängerung auf Abnutzungsverhalten oder Pflege. Beachten Sie bitte, dass die Fliessen auf Säure basierte Reinigungsmittel reagieren und ihr Aussehen verändern können. Zudem können Scheuermittel die Oberfläche verkratzen und sollten daher vermieden werden.

Belangrijke informatie

Geschiktheid

Alle Living tegels zijn geschikt voor wanden in natte en droge ruimtes.

Nominale afmetingen

In deze brochure vermelden we nominale afmetingen. Deze kunnen licht variëren (maar vallen wel binnen de internationaal erkende normen).

Nuances in kleuren/patronen

Kleurnuances zijn bij keramische Living-tegels een inherente eigenschap. We raden u aan om de tegels losjes uit te leggen en te 'mengen' voordat u ze bevestigt, om zo de kleurverdeling samen te stellen die u het beste bevalt. Verschillen tussen partijen onderling kunnen opvallender zijn. Daarom raden we u aan om alle tegels tegelykertijd te kopen. Er kan na de installatie geen aansprakelijkheid worden aanvaard voor problemen met kleurnuances.

Lijmen, voegen en afdichten

Gebruik altijd hoogwaardige lijmen en voegmiddelen en volg de instructies van de fabrikant op. Zorg ervoor dat ze geschikt zijn voor het specifieke type tegel, de toepassing en de ondergrond waarop de tegels worden geplaatst. Om verkleuring van de voegen te voorkomen, dicht u ze na installatie af. Dit vermindert de noodzaak van agressieve reiniging in de toekomst, wat de oppervlakteversiering van Living-tegels zou kunnen beschadigen.

Reiniging / Stoomreiniging

Gebruik geen agressieve of schurende reinigingsproducten op Living-tegels, omdat de oppervlakteversiering kan worden beschadigd. Als de voegen intensieve reiniging vereisen, moet u de oppervlakte van de tegels beschermen. **We raden het gebruik van stoomreinigers of stoommoppen niet aan om onze tegels schoon te maken.** Stoomreiniging kan eventuele aangebrachte afdichtmiddelen verwijderen of ineffectief maken, waardoor de tegels onbeschermd achterblijven.

Zie onze Installatiegids op www.originalstyle.com

voordat u begint aan een installatie; Original Style kan geen aansprakelijkheid aanvaarden voor klachten nadat de tegels zijn bevestigd. Original Style is niet aansprakelijk voor claims die voortvloeien uit een onjuist gebruik van impregneermiddel, lijm of voegmiddel. Neem voor technische vragen contact op met onze technische afdeling via info@originalstyle.com

Grote formaten

We raden af om grote keramische of porseleinen tegels te leggen in een 50:50-halftensverband. De reden daarvoor is dat er waarneembare lichte krommingen in de tegels kunnen zitten. Het optische resultaat is dan mogelijk niet naar tevredenheid.

Foto's

Door variaties in studiobelechting en drukinkt kunnen de tegelkleuren in de Original Style-brochure en op de website licht afwijken van de kleur van de daadwerkelijke tegels.

Voordat u een keuze maakt, wordt het altijd aangeraden om bij uw Original Style-dealer om monsters te vragen.

Aansprakelijkheidsbeperkingen

Original Style Ltd. is niet aansprakelijk voor de onjuiste installatie van zijn tegels. In het geval van enige claim in verband met de tegels zelf is de wettelijke aansprakelijkheid van Original Style voor zover maximaal is toegestaan op grond van toepasselijk recht beperkt tot het vervangen van het product of het terugbetalen van de kosten van het product. Original Style Ltd. is in geen geval aansprakelijk voor gevolgschade of indirecte schade. Klachten moeten binnen zeven werkdagen na ontvangst van de tegels worden gemeld. De tegels moeten voor installatie worden gecontroleerd en claims worden niet meer in overweging genomen nadat de tegels zijn geïnstalleerd. Door installatie accepteert u de kwaliteit, kleur, maten, textuur en kleurnuances van de tegels.

Original Style Ltd. garandeert dat de tegels voldoen aan hun beschrijving en geschikt zijn voor hun doel. Original Style Ltd. geeft geen andere uitdrukkelijke of impliciete garanties voor de geschiktheid of gepastheid van de producten voor specifieke installaties. We verlenen geen garanties, uitdrukkelijk noch impliciet, voor slijtagebestendigheid of onderhoudsprocedures.

We wijzen u erop dat bepaalde zuurhoudende schoonmaakmiddelen kunnen reageren met sommige tegels en het karakter ervan kunnen wijzigen. Voorkom daarnaast het gebruik van schurende reinigingsmiddelen, omdat deze krassen maken op het oppervlak van de tegels.

Let op: Houd u in de VS aan de aanbevelingen van gerenommeerde fabrikanten, in overeenstemming met de Installatiegids op www.originalstyle.com.
